

~ From Russia with Love - A Special Doll Themed Luncheon ~

## Saturday, November 4, 2017

Programs will highlight the history behind Russia's beloved folk craft —the Russian nesting or stacking dolls, Russian Peasant Dolls, Fabergé Eggs, and Russian Culture.

**Walton Conway and The Golden Cockerel** have been making authentic Russian nesting dolls since 1993. The small friendly company is based jointly in Boone, NC & St. Petersburg, Russia. Come enjoy the tale of Conway's journey which began as a 1,500 mile bike ride from the former West Germany to the Soviet Union during the summer of 1991 & discover the exotic handiwork of Russian artisans.

Most **Russian Peasant dolls** were created as souvenir or travel dolls. The dolls represent the people of the villages, the "peasants" (farmers) and the traditional dress of old Russia. Come learn about the Cold War and the effect it had on the quest for these Russian beauties. Program by **Robin Wyatt**, President, Rowan Doll Society & former UFDC Region 8 Director.

Enjoy **Debbie Talbert's** presentation about the passion for **Imperial Faberge Eggs**. Of all the Easter Eggs ever made and gifted, this is a particular collection that exists as a testament of craftsmanship and genius. They were found and lost, pillaged and protected. They represent mystery and mayhem, terror and tragedy.
